Anthony's Wish Recap to Go to panning for Gold!

Late Summer 2015

Anthony's Wish Recap Story

~as told from his Wish Granter volunteer in Anchorage

The most favorite part of the trip for Anthony was going to the Crow Creek Mine! Everybody at the mine was super nice! They even upgraded his tour and gave him special attention. They let Anthony use a "highbanker" to help him find gold! The best part?? Anthony found Gold!!!! While at the mine they even got to see a real Moose and a Wolf!

The next place they stayed at was Bowman's Bear Creek lodge. Talk about beautiful! They just loved Hope, Alaska. The owner's let them borrow some fishing equipment. The family got to sit around a fire pit, use some paddle boats and Anthony even went gold panning in Reservation Creek. After Bowman's, they went to Seward, Alaska.

In Seward, the family stayed in the Cilenai Bed and Breakfast. Anthony just loved the IdidaRide Sled Dog Tour! The dogs pulled a cart that was similar to a golf cart, Anthony shared. Everyone was super nice! They even got to see a Rare Goat! Next on their Wish, they visited Lowen Point, saw the Exit Glacier and also got to go on a 6 hour cruise of Lenai Fjords National! Park! Their tour consisted of viewing 6 pods of Orca's, Sea lions and Seals.

Everything about this wish and trip was amazing and perfect. Anthony and his family are very thankful! Anthony's Mom Dana shared that this was a trip of a lifetime that he will never forget. Everything was so beautiful. United Airlines did an awesome job and they treated Anthony like a King. They were amazing and wonderful.

A Huge Thank **YOU** again to Doug, Tiffany and Friends at the Steamfitters Local Union 420, for helping to grant more Wishes! We are so thrilled to have all of you as valuable members of our Make-A-Wish Philadelphia, Northern Delaware and Susquehanna Valley Family!!!
